REAPPORTIONMENT COMMITTEE REDISTRICTING GUIDELINES

May 5, 2021

I. POPULATION

The total Alabama state population, and the population of defined subunits thereof, as reported by the 2020 Census, shall be the permissible data base used for the development, evaluation, and analysis of proposed redistricting plans. It is the intention of this provision to exclude from use any census data, for the purpose of determining compliance with the one person, one vote requirement, other than that provided by the United States Census Bureau.

II. CRITERIA FOR REDISTRICTING

a. Districts shall comply with the United States Constitution, including the requirement that they equalize total population.

b. Congressional districts shall have minimal population deviation.

c. Legislative and state board of education districts shall be drawn to achieve substantial equality of population among the districts and shall not exceed an overall population deviation range of ±5%.

d. A redistricting plan considered by the Reapportionment Committee shall comply with the one person, one vote principle of the Equal Protection Clause of the 14th Amendment of the United States Constitution.

e. The Reapportionment Committee shall not approve a redistricting plan that does not comply with these population requirements.

f. Districts shall be drawn in compliance with the Voting Rights Act of 1965, as amended. A redistricting plan shall have neither the purpose nor the effect of diluting minority voting strength, and shall comply with Section 2 of the Voting Rights Act and the United States Constitution.

g. No district will be drawn in a manner that subordinates race-neutral districting criteria to considerations of race, color, or membership in a language-minority group, except that race, color, or membership in a language-minority group may predominate over race-neutral districting criteria to comply with Section 2 of the Voting Rights Act, provided there is a strong basis in evidence in support of such a race-based choice. A strong basis in evidence exists when there is good reason to believe that race must be used in order to satisfy the Voting Rights Act.
h. Districts will be composed of contiguous and reasonably compact geography.

i. The following requirements of the Alabama Constitution shall be complied with:

(i) Sovereignty resides in the people of Alabama, and all districts should be drawn to reflect the democratic will of all the people concerning how their governments should be restructured.

(ii) Districts shall be drawn on the basis of total population, except that voting age population may be considered, as necessary to comply with Section 2 of the Voting Rights Act or other federal or state law.

(iii) The number of Alabama Senate districts is set by statute at 35 and, under the Alabama Constitution, may not exceed 35.

(iv) The number of Alabama Senate districts shall be not less than one-fourth or more than one-third of the number of House districts.

(v) The number of Alabama House districts is set by statute at 105 and, under the Alabama Constitution, may not exceed 106.

(vi) The number of Alabama House districts shall not be less than 67.

(vii) All districts will be single-member districts.

(viii) Every part of every district shall be contiguous with every other part of the district.

j. The following redistricting policies are embedded in the political values, traditions, customs, and usages of the State of Alabama and shall be observed to the extent that they do not violate or subordinate the foregoing policies prescribed by the Constitution and laws of the United States and of the State of Alabama:

(i) Contests between incumbents will be avoided whenever possible.

(ii) Contiguity by water is allowed, but point-to-point contiguity and long-lasso contiguity is not.

(iii) Districts shall respect communities of interest, neighborhoods, and political subdivisions to the extent practicable and in compliance with paragraphs a through i. A community of interest is defined as an area with recognized similarities of interests, including but not limited to ethnic, racial, economic, tribal, social, geographic, or historical identities. The term communities of interest may, in certain circumstances, include political subdivisions such as counties, voting
precincts, municipalities, tribal lands and reservations, or school districts. The
discernment, weighing, and balancing of the varied factors that contribute to
communities of interest is an intensely political process best carried out by elected
representatives of the people.

(iv) The Legislature shall try to minimize the number of counties in each district.

(v) The Legislature shall try to preserve the cores of existing districts.

(vi) In establishing legislative districts, the Reapportionment Committee shall
give due consideration to all the criteria herein. However, priority is to be given to
the compelling State interests requiring equality of population among districts and
compliance with the Voting Rights Act of 1965, as amended, should the
requirements of those criteria conflict with any other criteria.

g. The criteria identified in paragraphs j(i)-(vi) are not listed in order of
precedence, and in each instance where they conflict, the Legislature shall at its
discretion determine which takes priority.

ELECTRONIC SUBMISSION OF REDISTRICTING PLANS

REAPPORTIONMENT COMMITTEE - STATE OF ALABAMA
The Legislative Reapportionment Computer System supports the electronic submission of redistricting plans. The electronic submission of these plans must be via email or a flash drive. The software used by the Reapportionment Office is Maptitude.

The electronic file should be in DOJ format (Block, district # or district #, Block). This should be a two column, comma delimited file containing the FIPS code for each block, and the district number. Maptitude has an automated plan import that creates a new plan from the block/district assignment list.

Web services that can be accessed directly with a URL and ArcView Shapefiles can be viewed as overlays. A new plan would have to be built using this overlay as a guide to assign units into a blank Maptitude plan. In order to analyze the plans with our attribute data, edit, and report on, a new plan will have to be built in Maptitude.

In order for plans to be analyzed with our attribute data, to be able to edit, report on, and produce maps in the most efficient, accurate and time saving procedure, electronic submissions are REQUIRED to be in DOJ format.

Example: (DOJ FORMAT BLOCK, DISTRICT #)

SSCCTTTTTTBBBBDDDD

SS is the 2 digit state FIPS code
CCC is the 3 digit county FIPS code
TTTTTT is the 6 digit census tract code
BBBB is the 4 digit census block code
DDDD is the district number, right adjusted
