Replace lines 94 through 95 on page 4 with the following:

services of engineers, land surveyors, and geoscientists

After line 113 on page 5, insert the following new subdivisions and renumber the remaining subdivisions accordingly:

(2) A request for qualifications may be submitted to an architect for his or her professional services; provided, upon a determination by the procuring entity that the architect is adequately qualified to perform the contract, the architect's character, reputation, aptitude, location to the project site, and personality may play a decisive part in awarding the contract.

(3) Only a licensed design professional, as defined under Section 41-9A-3, may be permitted to assemble construction bid documents under this article
