House Bill 176

Committee: Transportation & Energy

Sponsor: Representative James Lomax

Analyst: Jennifer Farish

Date: 03/21/2024

House Bill 176 as reported by the Committee on Transportation and Energy would increase the obligations of the Alabama Department of Transportation: (1) in Fiscal Year 2025 by \$600,000 to develop a statewide plan regarding aviation technology infrastructure and \$400,000 to provide local and regional jurisdictions educational and technical resources to support uniform planning and zoning language regarding aviation technology advancements; and (2) by an undetermined amount annually thereafter dependent on any additional recurring costs required pursuant to this bill.

This bill would also prohibit the Public Road and Bridge Fund, the Rebuild Alabama Fund, or other state revenues used for federal match to be used to develop or update this statewide plan to provide local or regional jurisdictions with educational or technical resources to support uniform planning or zoning across the state.
