SYNOPSIS:

Under existing law, a person commits the crime of murder if he or she attempts to commit certain felony offenses and in the course of, in furtherance of, or in the immediate flight therefrom, he or she, or another participant, causes the death of another person.

This bill would provide an exception to the crime of murder, specifically, that a person does not commit the crime of murder if the person killed was a willing participant in the underlying felony.

This bill would further provide for penalties for the crime of murder.

Section 111.05 of the Constitution of Alabama of 2022, prohibits a general law whose purpose or effect would be to require a new or increased expenditure of local funds from becoming effective with regard to a local governmental entity without enactment by a 2/3 vote unless: it comes within one of a number of specified exceptions; it is approved by the affected entity; or the Legislature appropriates funds, or provides a local source of revenue, to the entity for the purpose.

The purpose or effect of this bill would be to require a new or increased expenditure of local funds

29	within the meaning of the section. However, the bill
30	does not require approval of a local governmental
31	entity or enactment by a $2/3$ vote to become effective
32	because it comes within one of the specified exceptions
33	contained in the section.
