This bill would provide prohibitions on the alteration of a motor vehicle in such a manner that the height of the front fender is raised four or more inches greater than the height of the accompanying rear fender

Section 111.05 of the Constitution of Alabama of 2022, prohibits a general law whose purpose or effect would be to require a new or increased expenditure of local funds from becoming effective with regard to a local governmental entity without enactment by a 2/3 vote unless: it comes within one of a number of specified exceptions; it is approved by the affected entity; or the Legislature appropriates funds, or provides a local source of revenue, to the entity for the purpose.

The purpose or effect of this bill would be to require a new or increased expenditure of local funds within the meaning of the amendment. However, the bill does not require approval of a local governmental entity or enactment by a 2/3 vote to become effective because it comes within one of the specified exceptions contained in the amendment.
